FOR IMMEDIATE RELEASE

Fusion® Line Expands to Include Extra-Large Display Cart

Versatile cart accommodates rack mountable AV equipment

Eden Prairie, Minn., USA (OCT 2013) - www.chiefmfg.com - Chief, an industry leader in AV mounting solutions, has launched the Extra-Large Fusion Mobile Cart.

The rounded edges and sleek aesthetics fit well in corporate and classroom environments. The extra-large Fusion cart continues the tradition of the installer-inspired Fusion series by including features for easy customization.

“The extra-large carts were designed with the installer and end-user in mind,” said Kathryn Gaskell, Product Manager. “The height adjustment system and storage capabilities make this a versatile solution capable of accommodating many requirements.”

The cart was designed for extra-large and touch panel displays from 55” to more than 100” and up to 300 pounds (136 kg). The cart also can be customized for [dual monitor](#) video-conferencing use with the dual monitor accessory and a [camera shelf](#).

Other features include:

- A turn knob to allow a single user to easily adjust the screen height 48-65” (122-165 cm)
- Flexible cable covers for lay-in access anywhere along the column
- Room for internal storage of AV components, including hardware to vertically mount 2 RUs of AV gear
- Black or silver finish

The [XPAU](#) is now shipping, and available accessories include Fusion [CPU holders](#), [storage](#), and [quick tie clips](#). Many Fusion accessories work across the [ceiling](#), [cart and bolt-down](#) solutions. More on the full Fusion series can be found at the [Chief Fusion](#) web page.
