

Application Centric Infrastructure

Redefine the Power of IT

November 6, 2013

10:30 a.m. Eastern Time/7:30 a.m. Pacific Time

Please join Cisco Chairman and CEO John Chambers and our partners on November 6, 2013 at 10:30 a.m. Eastern (7:30 a.m. Pacific) for the Cisco Application Centric Infrastructure Press Conference Webcast: Defining the Next Era of the Unified Data Center.

During this 90 minute global webcast, learn how Cisco is driving the next generation of data center infrastructure.

This technology unveiling on November 6 broadcast live from New York City will usher in a new era of agility and automation for data centers worldwide.

Please register to attend.

Sincerely,

Cisco Events
