

**Kramer Electronics USA
AQAV Certification
Headed to New Jersey**

AV9000 Certified Quality Assurance Technician (CQT) Workshop

December 10-12, 2013

Kramer Electronics HQ

6 Route 173 West

Clinton, NJ 08809

888-275-6311

This is a workshop unlike any that you have probably taken. You will have the opportunity for hands on learning and will actually be able to demonstrate your knowledge of how to properly use the methodology taught in the class as well as the testing equipment utilized. Due to the hands on nature of this course, space is extremely limited.

For more information you may visit www.AQAV.org or contact Malissa Dillman, Training & Education Manager for Kramer Electronics at mdillman@kramerus.com or 770-570-8538.
