## Kramer's KW-11 Contest

Have you ever used Kramer's **KW-11** Wireless High Definition Transmitter/Receiver in a unique place? Do you have an awesome installation story featuring this product? Share it with us and you could **win \$500!**

Help us choose a People's Choice Winner by voting for the entry that you think demonstrates the coolest use of the KW-11.

Kramer's KW-11 is a versatile Wireless High Definition Transmitter/Receiver that is

designed for those AV installations and applications where you can't run a conventional HDMI cable to make a connection. Now, we'd like **you** to share your stories of how you've used this product to "cut the cord" and solve your connection challenges in unique and innovative ways.

**Tell us about the coolest, off-the-wall ways you've used the KW-11, and be entered to win!**

**With your entry, please include as much detail as possible about your particular installation, and explain why you selected the KW-11.**

- *Judge's Choice Winner will receive a \$500 AMEX Gift Card*
- *People's Choice Winner will receive a \$500 AMEX Gift Card*
- *(3) Honorable Mention Winners will receive a \$25 AMEX Gift Card and a Kramer Prize Pack*

**After you enter, share the contest with your friends and colleagues and ask them to vote for your entry! If you share your entry on social media, be sure to use #KramerKW11!**
