SynAudCon Welcomes Innovox Audio As New Sponsor

January 2015 - Greenville, Indiana, USA - SynAudCon is pleased to announce that Innovox Audio has joined the organization's sponsorship program.

St. Paul, Minnesota-based Innovox offers audio professionals a comprehensive range of professional loudspeakers that deliver uncompromising speech intelligibility and precise musical detail.

Innovox loudspeakers are known for their ribbon HF technology, MF drivers optimized for the voice range, dipole LF steering, cardioid sub bass and enclosures that blend beautifully into the architectural surroundings. Their products allow sound system de-signers to put loudspeakers where they need to be while providing the architectural design team a clean, uncluttered space.

“Over the years we have gotten to know and respect these high quality products”, said Pat Brown, president of SynAudCon. “We are extremely pleased that Innovox has joined our sponsor program.”

“We’re huge fans of SynAudCon”, said Chris Oswood, CTO Innovox Audio. “We believe that our quest to do things the right way aligns perfectly with Pat and Brenda’s commitment to excellence in education and training.”
