NEW Enova DGX Digital Media Switchers: Advanced Audio, Web Configuration and Full 4K Support

The advanced audio support places the Enova DGX 100 Series in a switching class all its own. The new audio boards provide advanced audio processing and configuration capabilities such as a 10-band parametric EQ per output. AMX is the

NEW Alero Audio Mixer Solves Need for Simple Multi-Mic Web Conferencing in Larger Rooms

The new Alero Web Conferencing Audio Mixer brings premium conferencing experiences to more meeting spaces by combining a dedicated 8-microphone mixer and automatic adjustment of audio levels. A USB audio interface was also
