Houston, TX 77056

Dear alliantgroup,

We here at Tricon Corporation would like to extend our appreciation for your services. The beginning meetings truly defined the scope of the work to be expected, so there were no surprises at any point of the study. From the beginning, your team has planned everything out for us making for an extremely smooth process.

alliantgroup reached out to us regarding the R&D tax credit but our people originally thought it was a process they could complete themselves. They soon realized that they did not possess enough knowledge about the regulations and laws in qualifying and claiming the credit. Bringing in alliantgroup was by far the best thing we could have done. Your expertise with specific legislative regulations was exceptional.

Our project manager did an excellent job of keeping me apprised of the progress and following up throughout the varying stages. The reporting was very thorough and I felt that the frequent feedback was a bonus for us.

Thank you for all that you do in helping companies such as ours to stay in the forefront of our industry.

Sincerely,

Craig Lubbers
VP of Finance
